EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edwin Garlepp on 1/10/2005.

The application has been amended as follows:

Claim 18, line 1, delete "17", insert --14--.

Cancel claims 24-27.

Terminal Disclaimer

2. The terminal disclaimer filed on 12/10/2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,261,007 has been reviewed and is accepted. The terminal disclaimer has been recorded.

3. The following is an examiner's statement of reasons for allowance:

4. With regard to claims 28-34, see paragraph 14 of the office action mailed on 8/10/2004. The prior art of record, in the context of the other limitations of claim 28,

Art Unit: 1734

does not disclose the further limitation of the main transfer mechanism having washing means for washing the holding member.

5. With regard to claims 35-40, see paragraph 15 of the office action mailed on 8/10/2004. The prior art of record, in the context of the other limitations of claim 23, does not disclose the further limitation of the detecting means for detecting a stain of the holding member.

6. With regard to claims 14-16, 18, 21-23 and 41, the prior art of record does not suggest a cover body for surrounding the holding member provided with an opening portion for allowing the holding member to advance and retract and which moves up and down with the holding member. While cover bodies are generically known (see Yamaguchi - JP 09-320915 as cited in the previous office action), the prior art does not suggest that the cover body moves up and down with the holding member in the context of the other limitations of claim 14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George R. Koch III whose telephone number is (571) 272-1230 (TDD only). If the applicant cannot make a direct TDD-to-TDD call, the applicant can communicate by calling the Federal Relay Service at 1-866-377-8642 and
